

Cell Phone Use Policy

We ask cell phone users to respect others by observing the following guidelines for cell phone usage in the Robert R. Jones Public Library:

- Cell phone volume must be set to silent or vibrate in the Library.
- In consideration of others, cell phone conversations should be conducted quickly and quietly with an effort to avoid phone speakers whenever possible.
- The Library reserves the right to ask anyone to move to the lobby or leave the building if he/she is disturbing others in any area of the Library while using a cell phone
